

It has been brought to my attention that K-LOVE radio in my area may be taken off air because of it getting displaced by an LPFM station. We can not let this happen. Klove is the only radio station in our area that plays quality Christian music. This is the only radio station that is "pure" enough that my whole family can listen to and not worry about what they might hear. I believe that this will take away a very positive station for the community. I know that I have heard many accounts of people being enlightened by this station. I believe that this station is of great interest to a majority of people in our area(Raliegh area). K-Love is a positive station where you know what you are going to hear is uplifting and encouraging. Please do not let this station be displaced!!
